September 2017

Dear GICAA Member Schools,

Horizon Christian Academy will host a 2018 Live Division II Rube Goldberg Machine Contest® on January 27, 2018. The winner of our contest is eligible to compete at the Division II Finals and win the title: Rube Goldberg Machine Contest Division II Champion.

This year, Rube Goldberg Machine Contest celebrates their 30th year. Horizon Christian Academy has been hosting for two years and this promises to be our biggest and best! Our past contests have included several schools from around the state. The public is always invited to attend.

If your school is interested in participating in this event (middle and high school teams), please contact Nancy Long (nancy@gicaasports.com) by December 1. We anticipate the cost to be anywhere between \$150-200 per team, as our school is actively seeking sponsors to make it more affordable for your school. (Normal price of \$395 per team.)

A Rube Goldberg Machine Contest (RGMC) is an event where students of all ages compete with the machines they have imagined, designed and created in a fun and competitive forum. The competitions encourage teamwork and out-of-the-box problem solving, in a fresh learning environment and level playing field. Remember, to compete in an RGMC all you need is a pile of junk and a great imagination!

2018 Task: Pour A Bowl of Cereal

We look forward to your participation. Please contact us with any questions.

For additional information, contact: Katie.Blevins@hcaga.org.

Rube Goldberg, Inc is a 501(c)3 not-for-profit organization dedicated to promoting STEM and STEAM education for students of all ages. Registration fees are not tax deductible, however, contributions are tax deductible to the full extent permitted by law.
